STORM CANCELS 1ST FLOWER TOUR SUNDAY AFTERNOON

Second Trip Will Start
As Scheduled Sunday;
Leaves Niles 1 P.M.

Heavy rains, driven by a stiff south wind, made Sunday an unattractive day for the Niles Chamber of Commerce Wildflower Caravan, which was scheduled to leave early Sunday afternoon. After a brief wait, to be sure that no venturesome sightseer was left in the lurch without information of the postponement, officials of the tour abandoned plans for the day. The April 14 caravan will leave as scheduled at 1 p. m., from the Niles flagpole.

W. B. Kirk, committeeman in charge of the tour, stated last week that the flowers would retain their brilliance for two or three weeks, but the heavy rains early this week may have destroyed some of the blooms.

The seventy-mile trip contemplated for Sunday, will take the caravan past some of the most beautiful flower spots in the south county, officials of the tour stated. Cards have been sent out, informing flower enthusiasts of the trip.

At the Monday noon meeting of the chamber, members considered legislation before the state legislature at the present time, and heard a short talk on the value of the state chamber of commerce by A. J. Petsche. Praising the state body, Petsche stated that big business was unjustifiably criticized by many people, and that its value was ignored.

MEASLES KEEP NILES SCHOOL CLOSED THIS WEEK

The Niles Grammar school remained closed this week, after a brief session Monday morning proved that a current epidemic of measles had not abated. There were 152 absentees, according to Principal E. Dixon Bristow.

Classes were first suspended on Monday, April 1, and were to have been opened Monday, had the juvenile ailment showed signs of diminishing. School will remain closed this time until April 22, the regular Easter vacation beginning on Monday, April 15. Participation of the local school in the Public Schools week display will be postponed until after Easter.

J. D. Gomes, trustee, stated that the regular session will be lengthened for a short time to make up for the time lost.

Former Niles Man In High Store Position

Officials of the Whitthorne & Swan Company, Oakland, announced last week that Sophus Johnson, formerly of Niles, had been named merchandise manager.

Johnson, who was connected with the Timmingsham grocery store in Niles many years ago, has been associated with the Oakland company for ten years. He is known throughout this district. While here he was wed to a sister of Mrs. Fred Drew.

DEATH NATURAL, IS CORONER'S WORD ON VAN BUREN

Death due to natural causes, was a verdict reached by a coroner's jury Tuesday morning, at an inquest into the death of Harry Van Buren, 50, who was found dead in his room in the Cavanaugh apartments, Niles, Friday afternoon. Coroner Grant D. Miller directed the inquest.

Previous to the inquest, authorities thought Van Buren may have been a suicide.

The body was discovered by Martin Cavanaugh, at about 3 o'clock Friday afternoon, when he called to Van Buren to hand him some small article. Receiving no answer, and finding the door locked, Cavanaugh used his pass key, and entered. He found Van Buren crumpled on the floor in front of a chair, as though he had fallen forward. He had been dead for several days.

Cavanaugh stated that he thought nothing of Van Buren's absence for several days, because of the fact that he was accustomed to make the night rounds with Arthur Roderick, watchman, then sleep all day. He cared for his own room.

Van Buren, a former resident of Richmond and Oakland, leaves a wife and small daughter. They were separated about two years ago, police learned. Van Buren had been living in Niles for about seven months, Cavanaugh said.

FASHION SHOW AT CLUB HOUSE TONIGHT

A spring fashion show, sponsored by the County Club of Washington Township, as one of their major affairs for the season, will take place tonight at the club house, with fashions for spring to be modeled by local girls and women. Blum's, of San Jose, will supply gowns, ensembles and coats, showing the latest in early spring wear. The program is for the benefit of the stage fund, and will be the second to use the addition.

Musical numbers, with Henri Salz at the piano, will lead off, with vocal selections to follow. "A Window on the Avenue," modeled by nineteen small girls, is the first display. Mrs. H. M. Kibby will be accompanist. The major attraction of the evening, "Fashions for Spring," will be modeled by the following:

The Misses Mabel Townsend, Evelyn Pond, Winifred Bendel, Kathryn Rathbone, Irma Hodges, Anna Shinn and Mrs. R. W. Emerson, Mrs. H. M. Kibby, Mrs. B. L. Webb, Mrs. Franklin Brown, Mrs. Roland Bendel, Mrs. Mason Birlem, Mrs. Thomas Maloney. Accompaniment will be by E. J. Pimentel, Edward Kettman and Bert Silveria, of the Knights of Columbus orchestra. "Brides of Yesterday and Today," showing bridal costumes, will be followed by a display of rare Spanish shawls loaned by Mrs. W. H. Ford. Joseph Hernandez will sing "La Paloma" in accompaniment to the shawl display. He will be accompanied by Miss Mabel Lewis.

Time for the affair will be 8 o'clock.

P. C. HANSEN, TOWNSHIP FIGURE, DIES MONDAY

Active Life Ended After
Six Months' Illness
At Centerville

P. C. Hansen, 76, whose life in Washington township was marked with accomplishment and honor, died at his Centerville home early Monday morning, after an illness of six months. In failing health since a recent operation, Hansen sank into a coma last Friday, and passed away quietly without regaining consciousness.

Known throughout southern Alameda county as its leading lumber dealer and as a civic figure, Captain Hansen had built well. His integrity and honesty, is a by-word with all who knew him.

A native of Denmark, Captain Hansen came to California in 1885, locating after a time at San Leandro, where he operated Mulford Landing. His fleet of grain boats plied the Sacramento and San Joaquin rivers. After leaving San Leandro, he established a similar business at Jarvis Landing, west of Newark.

TOMATO GROWERS TO MEET TOMORROW AT W.U.H.S.

A discussion of the tomato production program, along with a series of talks on marketing and financing of the 1935 crop will take the interest of south county tomato growers tomorrow night, at a meeting to be held at the Washington Union High school. The gathering will be sponsored by the University of California agricultural extension service. F. R. Wilcox, marketing expert, will preside.

Other speakers will be: Thos. A. Robertson, chairman of the vegetable department of the State Farm Bureau; Edison Abel, state pro-rate commission secretary; John Schlieder, extension specialist in farm management; George Hudson, western representative of the Federal Farm Credit Association.

A roundtable discussion will follow.

JUNIOR GROUP WILL DISCUSS STREET LIGHTING PLAN

Discussion of a new street lighting system for Niles will take a major part of the time of the Niles Junior Chamber of Commerce Monday night, when that organization meets at the Niles court house.

The street lighting plan, explained recently by H. H. Robinson, of the Pacific Gas and Electric Company, will be outlined in detail in a report to be handed the junior group by A. J. Petsche, local representative of the company.

Other reports will deal with the completion of the hill sign, the projected plan to erect signposts in the town, and the juniors' participation in the Township Fair. Tentative plans for a relief map of the district about Niles are being considered as an apt display.

Mr. and Mrs. Pete Kallas, formerly of Pittsburg, have taken up residence here with Mrs. Kallas' mother, Mrs. B. Enos. Kallas will open a restaurant here soon.

HEAVY RAINS DAMAGE CROPS IN TOWNSHIP

Lashing northern California with high winds and torrents of rain, the freak April storm, persistent over the week-end, did not spare southern Alameda county. Damage here, however, was mostly to crops both in the orchards and in the fields.

Alameda creek, swollen by the downpour, reached near-flood proportions in the lower levels. Levees at Alvarado were brimming before the waters subsided. Patterson slough, northwest of Centerville, carried a muddy stream across fields and roads, while small streams from the hill front near Mission San Jose invaded the highway, making night driving hazardous. In Niles canyon motorists were bothered again with slides, much smaller than heretofore. Light service was interrupted briefly in the Alvarado district when six poles toppled. Lightning struck the power line near Dumbarton.

Apricot growers, hourly hoping that the rain would cease, had their fears confirmed this week when an inspection of the orchards showed serious jacket-rot. Coupled with die-back, the rain-fostered malady may reduce the tonnage here no small amount. Some growers estimated that the yield will be halved.

Pea growers were unable to send pickers into the fields over the week-end, with resultant loss of some peas ready for harvesting at the time. A small amount of tip rot, caused by rain beating the young peas into the mud, has been noted. Pea growers state that since no hail fell, the crop will not be seriously damaged.

Other field crops, many of which have been recently planted, benefited in the storm, as did grass on the ranges.

The season's rain total was raised to 23.08 inches by the storm.

NEW WARM SPRINGS SCHOOL WILL BE STARTED SOON

Construction of the new Warm Springs Grammar school, to cost \$50,000, will begin soon, following the acceptance of plans by the school board last week. The new structure, of the "Activities" type, will be the second one of its kind in the state.

The present building, built in 1889, will be razed. The new school, with five modern rooms, will also have a Parent-Teachers' Association meeting room and an auditorium, the latter to be completely equipped. It will seat 450, with a gallery for 100 more to be added later.

Two acres of ground, now in a prune orchard behind the school, will be cleared and leveled for an athletic field.

The new building was voted last December, when the bond issue was presented. A similar attempt about four years ago failed.

SERA labor will be used. L. H. Maffey, principal, was active in the campaign for the new structure.

WANTED IN TEXAS

Wanted on a felony charge by Texas authorities, Monroe Vickery, pea picker, was arrested in a Warm Springs labor camp Monday afternoon by Deputy Sheriff George Henningsen. Vickery was taken to the county jail by Henningsen and Deputy Sheriff Hugo Radbruch.

PUBLIC URGED TO SEE DISPLAYS AT TOWNSHIP SCHOOLS

Open House At Local
Institutions All
This Week

Public Schools Week, April 8 to 12, inclusive, is attracting numerous visitors to Washington township schools, where may be seen a cross section of the year's classroom work.

Special displays, projects, operettas, and other interesting undertakings are before the public eye. School officials are eager to have the public make the most of the week, and urge parents, teachers and friends to view the work, and feel at home in the schools.

In Washington township, the following special programs are planned: Alvarado, April 11, operetta, "The Magic Piper," 8 p. m.; Alviso, special program, toy orchestra, glee club, three citizenship plays, April 11, 2:30 p. m.; Irvington, April 11, special program, Arbor Day, 2 p. m.; Mission San Jose, open house in two weeks (closed at present due to SERA renovations); Mowry's Landing, April 11 open house, 2 p. m.; Warm Springs April 11, motion pictures, 8 p. m. Centerville and Decato held open house Tuesday of this week. The former had a special program by the primary grades.

The Niles Grammar school, with an elaborate display planned, is remaining closed due to an epidemic of measles. The program, including scenes of early California history by the fourth grade will be given when classes are resumed.

Special work in the following subjects may be seen: Lincoln school, a study of Holland; Warm Springs, study of the Hopi Indians, Eskimos, the jungles and

MOTHER OF MRS. E. E. DIAS DIES TUESDAY

Removed to a San Jose hospital Monday night, when an illness of several weeks took a turn for the worse, Mrs. Augusta Louise Lamb, mother of Mrs. E. E. Dias, of Niles, died Tuesday morning.

Mrs. Lamb, wife of the late Russell W. Lamb, of Nevada, was a native of Silver Mountain, California. She had been living with Mr. and Mrs. E. E. Dias for the past two years.

A son, Hugh R. Lamb, lives in Carson City, Nevada.

Funeral services, under the direction of Botelho's Chapel of Palms, will be held at 2:30 o'clock this afternoon, at the Chapel of Chimes, Oakland. The Rev. Wesley Dexter Gordon, pastor of the Niles Congregational church, will officiate. The services will be private.

H. Beck Green Gains Note In Adult Work

H. Beck Green, son of Mrs. Fred Mitte, of Niles, recently signed for his third year as an instructor at the Columbia University experimental school. Green, who has been in New York for four years, is regarded as a promising educator. He recently completed an article on his work in the adult education field for the Rockefeller Foundation, for which he received a high award. The article had been requested.

Mr. and Mrs. Sherwood Hancock, Mrs. B. L. Thane, S. Hancock and daughter, all of San Francisco, spent the week-end as guests of Mr. and Mrs. J. E. Thane and Mrs. J. R. Whipple.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

FINE "HEAD" WORK

The San Francisco News in an issue of last week had this catchy headline on its front page:

"France Is Pale But Calm."

Pretty nice, pretty nice, we'll say. Don't pen 'em neater than that nowheres.

SIGNS OF MORAL DECAY

Repealists, who, a few years ago, said that the return of LEGAL LIQUOR would end the depression, must have long ago crawled into a hole. The outfit who preached to us that with the return of light wines and beers and whiskies to the corner store, under government regulation, the evils of prohibition would end; that excessive drinking by habitual addicts, imbibing by youth, and the carousing by mother and daughter would be things of the past, must have also slunked into the same hole, and pulled the hole in after them.

The depression is not over. In fact we are on the third year of the Roosevelt depression, as Huey Long would say, after three years spent in the morass of despair under Herbert Hoover. The opening of the breweries certainly has not brought prosperity to the farmer; and the unemployment catastrophe, instead of improving, has actually grown worse, so far as the number of employed in private business is concerned.

And from a moral standpoint; ah, we hesitate to speak of that, hesitate, while our head droops in shame. We love womankind. What man does not love womankind? For indeed his mother was a woman. Man wants woman to be better than he. His mother was better.

Yes, friends, let us share our mortification together as the writer tells you a little of the past week's news—news that happened right around this locality:—

A mother (what a sacrilege to call her a mother, what a travesty on that holy reverence in which the name of mother is held) took her small boy to a dance in a nearby city, and after consuming a lot of LEGAL LIQUOR started home with the child. Either in a drunken stupor, or through the fiendish design of degeneracy, or by both, she put the child on a railroad trestle, and then staggered down the railroad embankment and went to sleep in the ditch. A train came along and mangled the child in a horribly indescribable manner. A coroner's jury turned her loose. She was drunk and irresponsible, members laconically said and then conveniently forgot about the infant's blood and flesh that had been bespattered the rails.

In Germany, the other day, they beheaded a mother for starving her children while she spent the government dole for booze. Even from the hated Nazi, well we might learn some decency.

That was one case. Here is another: The police in San Francisco a few days ago picked up a man drunk on the streets, and with him his two-year-old boy, also drunk. Think of it! A child two years old, drunk. Good God, what are we coming to! What moral degeneracy has engulfed us!

But that is not all. No! The new order in America today, with a national administration sponsoring liquor, would hold still another cup to our lips that we might quaff further shame and dishonor. A grandfather in San Leandro was arrested by police, upon complaint of neighbors, for being drunk himself and getting his ten-year-old granddaughter drunk. Other smaller children in the house were likewise found suffering from inebriation.

Well, there you are. There is your reform under legalized booze. There is your vaunted regulation. There is a picture of the modern mother, tutored under a liquor regime, pampered

LEAGUE PLAY BEGINS SUNDAY FOR LOCAL BASEBALL CLUBS

With three games scheduled for Sunday, the new south county baseball league will get under way after weeks of preliminary activity. Niles will meet Alvarado, at the latter's diamond; Newark will be invaded by Decoto, and Pleasanton will meet Irvington at Irvington.

Umpires, selected at a recent meeting of league heads will be as follows: Louis Manuel, Niles, will take care of the Pleasanton-Irvington game; William Bartini, of Pleasanton, will be the official for the Newark-Decoto contest; Frank Pereira, of Mission San Jose, will rule at the Niles-Alvarado game. The umpires will be assigned to different teams each week.

A huge send-off meeting, with more than sixty in attendance, was held last Thursday evening at the Washington Union High school. A few minor changes were made in the rules.

Man Will Appear On Battery Count Friday

Fernando Alcon, Niles man, will appear for trial before Judge J. A. Silva tomorrow afternoon, on a charge of battery brought by his wife, Mrs. Nichola Alcon. Alcon was arrested on April 3, and arraigned last Friday. He was placed in the county jail when unable to raise \$50 cash bail.

JOHN COLEY WEDS LIVERMORE GIRL AT OAKLAND

The wedding of Miss Zara Sorensen, of Livermore, to John E. Coley, of Niles, was made known here Tuesday. The ceremony took place at 1:00 o'clock Sunday afternoon, at the home of the Rev. Kent, in Oakland.

Mrs. Coley, is a daughter of Mr. and Mrs. Ernest Sorensen, well-known Livermore residents. Coley, son of Mr. and Mrs. G. S. Coley, of Niles Glen, is a graduate of the Washington Union High School, with the class of 1933, and is at present a manager of an Oakland chain store. The couple will make their home in Oakland.

George Coley, brother of the groom, was best man. A friend of the bride, was maid of honor.

REBEKAHS INITIATE THREE INTO ORDER FRIDAY EVENING

Three candidates were initiated into the Niles Rebekah lodge Friday night, before an assemblage of more than sixty members and friends. Those taken into the order were: Mr. and Mrs. James Cull and Mrs. William Cull.

Following the initiation, a miscellaneous shower was tendered to Mr. and Mrs. Fred McGraw and Mr. and Mrs. Alvin Gomes, recently married couples. Both Mrs. McGraw (the former Anna-belle Henry) and Mrs. Gomes (the former Lorene Kerns) were initiated two months ago. The shower was followed by a banquet. Table and hall decorations were a profusion of spring flowers. The Alvarado lodge attended in a body.

The benefit card party, to be held jointly with the Niles I. O. O. F. lodge on April 23, was discussed.

MORE ON P. C. HANSEN

(Continued From Page One)

It was here that he added lumber to the material he handled in his boats. His first lumber yard was set up near the old wharves.

In 1906 Hansen abandoned the shipping, and moved to Centerville, where he set up the first unit of the P. C. Hansen Lumber Company, now one of the largest enterprises in this district. The Niles branch was founded in 1910, after which time the Alvarado, Decoto and Irvington branches were added.

Active in community life until the onset of his recent illness, Captain Hansen was president of the Centerville Board of Fire Commissioners at the time of his death. He was a member of the Alameda Lodge of Masons, No. 187; the Alvarado Lodge of the I. O. O. F.; the Danish Society of Hayward; the San Leandro U. P. E. C.; the Centerville Lions Club and Chamber of Commerce. Interested in the welfare of young people, Hansen was active in Boy Scout work. He was a member of the district committee.

He had been an active member of the Men's Club of Washington Township, and was treasurer at the time of his death. He served for many years as president of the board of directors of the Centerville branch bank, and was connected with the Reid Brothers plant at Irvington.

Mrs. Anne C. Hansen, his wife, died early in February.

Surviving is a brother, M. C. Hansen, of San Francisco.

Funeral services were held yesterday afternoon at 1:30 o'clock from the Chapel of Palms, at Centerville.

The services were conducted by the Rev. J. M. McElhinney, pastor of the Presbyterian church at Centerville. Miss Antoinette Botelho rendered several beautiful songs.

Entombment was at the Sunset Mausoleum, beside his wife.

Planned Printing—At Township Register.

WELFARE WORKERS HEAR TALK ON LEGISLATION

Bills regarding welfare work, now pending before the state legislature, were topics for discussion at a meeting of the Southern Alameda County Welfare Board Children's Department at the Jane Clough Memorial library, at Niles, last Thursday afternoon.

Miss Doris Kimberly, director of child welfare, and Miss Beatrice Arthur, welfare worker, were the principal speakers. One of the bills discussed would increase the age limit for charges of this department from 16 to 18 years. The group discussed the purchase of a graduating dress for one of the girls under its care, and decided to finance dental work for another.

Mrs. P. A. Ellis, of Niles, will be hostess to the Centerville Welfare Club next Monday.

Runaway Boy Leads Officers Chase Here

Lee Cornet, 15-year-old runaway, was caught in the Niles hobo "jungles" Tuesday, after leading Deputy Sheriffs Elmer Marsh and George Mennington a merry foot-race.

The boy said he had left his home at Summertown, Arizona, three days ago, when he became convinced that he was a burden on his family. He was taken to the county detention home, then sent on his way to Arizona.

ARTS GROUP WILL ELECT OFFICERS ON APRIL 19

Friday evening, April 19, will be the date for election of officers of the Arts and Crafts Guild of Washington Township, it was decided at the guild's regular meeting Tuesday night, at the home of Mrs. Garret Norris, in Centerville. All members are urged to be on hand for the election meet, to be held at the Congregational parsonage, in Niles.

At Tuesday night's meeting, the evening was spent primarily in the reading of original verse, and the display of water color paintings by Mrs. E. C. Grau. One of the latter was considered the best among several done by a class in which Mrs. Grau is receiving special instruction. Loom work done by Miss Gertrude Ellsworth was shown, and two books, hand done, by Miss Emerson.

There were fifteen members present.

ADDRESS CHAMBER

Don M. Leidig, mayor of Hayward, was the principal speaker at the meeting of the Alvarado Chamber of Commerce this week. Leidig stressed the value of inter-community cooperation. J. J. Hooper, Hayward newspaperman, was another speaker.

DECOTO

Decoto Chamber Will Ask Lower Bus Fares

An investigation of procedure to follow to effect a reduction of bus fares between Decoto and Oakland is being conducted by the Decoto Chamber of Commerce following their meeting last week. The subject of the fares was brought up by Roland Bendel, secretary of the group.

Members voted to sponsor the Boy Scout troop again this year, and are laying plans for the fund drive to start soon.

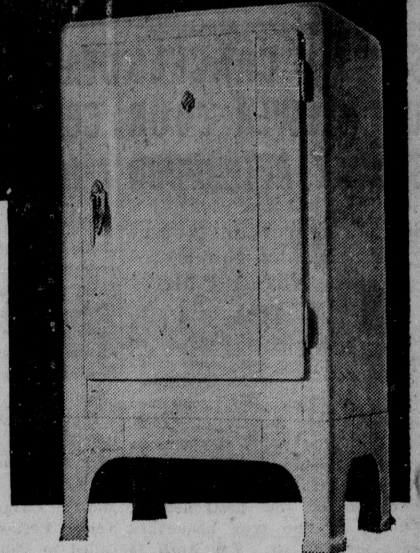

A preliminary report on the sewer survey was made, with further action to be taken when the detailed report is completed by mosquito abatement district officials.

GLEE CLUB

Directed by Miss Blanche Henningson, instructor, twenty girl members of the Decoto Grammar school Glee Club will participate in a Public Schools Week program, to take place in Hayward tonight. The grammar glee club, as organized at Decoto, is unique in this district.

OLD ST. ANNE'S IS DEMOLISHED BY WRECKERS

On orders issued by the archbishop, the Alvarado St. Anne's Catholic church, erected in 1840, was finally torn down.

The church had been used as the parish hall after the construction of the new one, but recently had been abandoned, due to lack of proper facilities.

Seraphine Davner headed the crew of twenty men who helped in the wrecking. The lumber was given to the S. D. E. S. lodge to make improvements on their grounds.

AUXILIARY UNIT TO DISCUSS COMING SOCIAL EVENTS

Members of the American Legion Auxiliary unit will hold their meeting next Tuesday evening, at the Memorial building. One of the major discussions will center about plans for a mothers' day, slated for Sunday, May 12. The annual poppy dance, to be given by the unit on May 25, will be another topic.

The county council meeting, when the post and unit will entertain members of all county legion groups, will be held in Niles next Wednesday evening.

The auxiliary benefit whist party, given at the Memorial building last Friday evening, was a success, members said. There were nine tables. Refreshments were served.

LAVERNE PERRY IS MARRIED TO SAN LEANDRO MAN

The marriage of Miss LaVerne Perry, attractive Niles girl, and Joseph Vivella, of San Leandro, was made known here this week. The couple were wed at the San Leandro Catholic church Saturday afternoon.

Mrs. Vivella is the daughter of Mr. and Mrs. Louis Perry, of Niles. She is a graduate of the Niles Grammar school, and attended the Washington Union High school.

Vivella, employed at Alameda, lives in San Leandro, where the couple will make their home.

The groom's sister was bridesmaid.

PRINCIPAL MAKES REPORT ON SERA UNDERTAKINGS

In an open letter to the board of trustees of the Mission San Jose Grammar school, Principal E. B. Hodges last week outlined work recently completed on the school grounds by SERA crews, and told of additional work projected.

Estimated costs of the work at the school is \$19,387.50, of which sum \$17,229.50 is contributed by the SERA. Hodges pointed out that the funds appropriated will not increase local taxes or expenditures, and that the money will be spent whether Mission San Jose, or some other town receives the benefit of the work.

He explained that Mission San Jose residents desirous of working on the projects were asked to register with the SERA last June and July, and that selection of the workers was entirely out of the hands of the local school officials. Hodges stated his gratitude for the outright present of the work to the school.

In a detailed report attached to the letter, Hodges listed the specific tasks accomplished. They are as follows:

A modern, three-cell septic tank was installed to replace the old unsanitary cesspool; the old two-story dwelling on the property was razed, and the materials used in other construction on the grounds; walls and ceilings in the school were refinished; varnished surfaces were redone; cement work, such as a floor in the furnace room, a wall along the front of the property sidewalks, etc., was done; fences were repaired; electric wiring installed in the rooms; the chimney was rebuilt; cabinet work done, tables, chairs, desks refinished, etc.; baseball backstops, window boxes have been put up; reinforcement of partitions, stairs, etc., to guard against collapse in case of earthquake; trees were pruned, and a park installed; the grounds were graded; playground paraphernalia was installed.

Under the present project, the SERA contemplates numerous other works, in addition to completion of tasks already started.

ANNA BETTENCOURT IS WED TO ELMER MILLER AT RENO

Friends of Miss Anna Bettencourt, of Irvington, and Elmer Miller, of Niles, were pleasantly surprised Tuesday to learn that the couple had eloped to Reno Monday night. Both are well-known in the younger set of the district.

Miss Bettencourt, a graduate of the Washington Union High school with the class of 1932, have served as Irvington correspondent for the Township Register for a number of years, during which time her work was uniformly excellent. Her sister, Miss Evelyn Bettencourt, will take over her duties as scribe.

Miller, son of Mr. and Mrs. Matt Miller, of Niles, has been engaged in farming here. The couple will make their home in this district.

Drill Team Practicing For Summer Festivities

Expecting to participate in numerous local celebrations during the summer months, the S. P. R. S. I. drill team, led by Miss Hazel Mendoza, of Sunol, has started intensive practice at Mission San Jose. Drills are being held weekly.

Team members: Hazel Mendoza, captain; Irma and Adeline Vales, Eva Rogers, Helen, Rose and Emilia Amaral, Vivian Mendoza, Evelyn and Mildred Santos, Adeline Amaral, Marie Leal, Mildred Silva, Belmeda Silva, Elva Vargas, Margaret Brown, Irene Williams and Carrie Silveria. The latter is substitute.

Organized six years ago, the team has the same membership as when started. It has figured prominently in fetes, Holy Ghost celebrations and parades throughout the south county.

Members of the team are engaged at present in supervising the designing of new uniforms. The group has obtained the services of a professional costumer.

SAVINGS from Half-Price Electricity

TO PAY FOR NEW ELECTRIC RANGE

Says MRS. IRWIN BEATTIE of Elverta, Sacramento County

Among the first to take advantage of the DW electric rate for ranges and water heaters, were Mr. and Mrs. I. Beattie. Now the discounts each month of 1/2 OFF EXTRA Electricity will be used to pay for an up-to-the-minute 1935 electric range.

"I HAVE BEEN a user of electricity on your DW 3 schedule since the latter part of 1934, when I installed an automatic storage heater with a demand control switch.

"As a result of your ONE-HALF OFF offer in 1935, the discount for increased use of electricity has given me very considerable savings as compared with what I feel would ordinarily represent a fair charge for the rather extensive enjoyment of electricity in my home. This use includes cooking, water heating, refrigeration, auxiliary air heating, and sundry labor-saving devices.

"I am applying this saving toward the purchase of a new electric range to replace the old one which served us so well for a number of years but is now becoming obsolete. I believe that the discounts obtained from your Half-Price electricity this year will, to a large extent, defray the cost of the replacement range."

TAKE ADVANTAGE OF BARGAIN PRICE ELECTRICITY

1/2 OFF EXTRA Electricity means: When your electric bill in any month of 1935 is greater than your bill for the corresponding month of 1934, at same location, YOU GET A 50% DISCOUNT ON THE DIFFERENCE.

HUSKERS WIN FOUR STRAIGHT LEAGUE VICTORIES

Four league wins and nary a defeat is the record of Coach Jess Regli's Husker baseball nine to date. The third and fourth victories were scored over Emeryville and Livermore.

The Emeryville contest, played here on April 5, ended 4 to 2 in favor of Regli's charges. Livermore was snowed under, 11 to 2, Tuesday of this week.

In the Livermore game, the local players got one hit apiece, with the exception of Laybourne, who banged out two.

A tough game for the Huskers, to have been played at Moraga against the St. Mary's frosh Wednesday, was called off when word came that the Moraga field was a morass of mud. The next contest will be tomorrow, when Pleasanton will be the opponent again.

A track meet with Emeryville will take the interest of local

Paul Pitman Accepts New Educational Post

Paul Pitman, social studies and history instructor at the Washington Union High school for several years, will leave his post next week, when it is expected that the San Francisco board of education will confirm his appointment as educational secretary in the San Francisco school department.

The local high school board has accepted Pitman's resignation, with regret at his departure. Mr. and Mrs. Pitman will leave a host of friends here.

Miss Margaret Fisher will take Pitman's place on the faculty here, according to Principal A. J. Rathbone.

TEACHER HONORED

Mrs. Eula M. Wright, high school instructor and librarian, was honored by her classes Tuesday, the occasion being her birthday. Her desk was covered with a profusion of flowers.

FIRE ASSOCIATION HEADS INSPECT SCHOOLS

Planning to bring about action toward a more uniform set of fire inspection rules in public schools, Frank Madruga, president of the Alameda County Firemen's Association, will suggest methods at a meeting of the association's directors at the home of Chief Frank Sandy at Oakland tomorrow night.

Madruga and Fred Rogers, chief of the Centerville Fire Department, have been working out a set of proposed requirements, and checking over equipment at schools here. On Tuesday afternoon the two fire officials visited the Washington Union High school, where they tested equipment and searched for fire hazards. Two of the latter, one a defectively wired electric stove and the other a poorly arranged paint cabinet, were found. Both will be immediately remedied, according to Principal A. J. Rathbone.

Following their inspection through to the human element, the two firemen turned in a surprise alarm. The students and faculty vacated the buildings in under two minutes, without confusion of any kind.

The inspectors intend to continue their work here in the future, making a complete and systematic examination of all equipment, shops, wires, motors, exits, hydrants and so on.

Frank Pimentel is recovering this week from a minor operation on his throat. He was treated by an Oakland specialist.

LONG FIGHT FOR RECOVERY FAILS FOR U.C. STUDENT

E. Dusterberry, Scholar, Passes Away Thursday At Berkeley

Funeral services for Eugene Willard Dusterberry, 21, son of Mr. and Mrs. Henry Dusterberry, prominent Centerville residents, were held from the Chapel of Palms, Centerville, Saturday morning at 9:30 o'clock.

Ill at the Cowell Memorial hospital at the University of California since last November, Dusterberry died Thursday morning, after a valiant fight to recover from peritonitis. During the long months of his illness, he underwent numerous necessary operations.

Possessing rare brilliance, particularly in mathematics, Dusterberry was the most promising student in the civil engineering department at the University of California, from which he would have been graduated this year. He was president of Bowles hall, men's dormitory at the university, at the time of his death.

A graduate of the Washington Union High school, Dusterberry was known as an athlete and a fine student. In addition to his parents he is survived by a sister, Mrs. John Rhenish, of Alameda. He was the nephew of F. T. Dusterberry and Miss Elizabeth Dusterberry, both of Centerville.

Services were held at the Holy Ghost church, Centerville, where the Rev. Father Souza officiated at a requiem high mass. Burial was in the Holy Ghost cemetery.

P.T.A. TO ENTERTAIN COUNTY COUNCIL HERE TODAY

"A Box of Dolls," Japanese operetta, was staged by third and fourth grade children at the Centerville Grammar school Tuesday afternoon for the entertainment of the Centerville Parent-Teachers Association. The entertainment followed the regular business session at which plans were laid for the entertainment of the county council this afternoon.

Following the program, which numerous parents attended, all viewed an art and school work exhibit. Seventh and eighth grade girls, assisting the association members as hostesses, served tea.

DELEGATES TO CLUB CONVENTION ARE NAMED MONDAY

"Fun and Fashion," depicting costumes of colonial times, and up to the modern day, featured a preview for the Country Club Fashion Show, when the group met Monday afternoon.

Showing such historic numbers as the "Bicycle Built for Two," "The Floradora Sextette," and the "History of the Bathing Suit," the program was a fitting preface for the revue tonight, at which modern dress will be emphasized.

At the business session, Mrs. F. T. Dusterberry appointed Mrs. Harry Cushing, Mrs. W. L. McWhirter and Mrs. August May as a nominating committee to report at the meeting next month. Delegates to the state convention to be held at Del Monte in May were named. They are: Mrs. E. A. Ellsworth and Mrs. R. T. Anderson. Alternates are: Mrs. W. H. Ford and Mrs. John Lowman.

No Blame Fixed In Truck Crash Death

Inability to fix blame due to lack of evidence, was the verdict reached by a coroner's jury Tuesday morning on the death of Galen H. Pierce, killed recently in a crash on the Dumbarton bridge road. Pierce, riding with his brother, was instantly killed when their car crashed into a stalled truck.

Glenn V. Pierce, the brother, is still in an Oakland hospital, recovering from injuries suffered in the accident.

High School Operetta Here Tomorrow Night

The Washington Union High school operetta, "Chonita," will be staged at the school tomorrow night. Miss Sybil Botelho is director. Musical accompaniment will be led by Salvador Billeci.

Although the curtain will not rise until 8:15 p. m. the doors will be open at 7:30. There will be no reserved seats.

Son Born To Mr. and Mrs. J. V. Gould

Mr. and Mrs. J. V. Gould, of Centerville, announced the arrival of a baby son, born late last week. Gould is vice-president of the Washington Union High school. Mrs. Gould is the former Tillie Logan.

Sister Of Local Man Tries Suicide Tuesday

Saying afterward that she had been despondent, Miss Ellen Taylor, 23, sister of John Taylor, Washington high school employee, tried suicide at Richmond Tuesday. She jumped from a wharf into water about three feet deep, reports said, and stuck fast. She was extricated by police, muddy but uninjured.

Friends stated that she had been in poor health, having suffered a nervous breakdown.

Centerville Personal Items

Richard White, and a party of friends, spent Saturday evening at San Jose.

Mr. and Mrs. Forrest Bishop returned home last week from a three weeks' trip aboard the Delfdyke, Holland-American liner. They went as far as Vancouver, where Mrs. F. Waltenberger gave a dinner in their honor.

Mrs. T. N. Alexander attended the meeting of the Country Club Monday afternoon.

Mr. and Mrs. Dona, Hollanders, entertained the children of the grammar school with Dutch songs and dances last week.

Miss Beatrice Lewis, Centerville girl, was honored last week at a surprise party given at the home of her parents. The occasion celebrated Miss Lewis' eighteenth birthday.

Mrs. Clyde Anderson was hostess at a Mothers-Daughters Tea, given for the Anahan Bluebird group of Camp Fire girls, early last week.

NATIVE SONS HEAR GRAND TRUSTEE HERE TUESDAY

Emphasis on the part that the Native Sons can play in the maintenance of the public schools, was voiced by Grand Trustee Henry Lyons, Tuesday night, when he paid his official visit to the Washington parlor, at Centerville.

Lyons urged that members take an interest in the schools, and stated that all should attend displays during Public Schools week. Among other distinguished guests for the evening were: Grand Trustee Edward Schnaar, of Fruitvale; District Deputy Leo Goss; David Norris, of Oakland, and F. B. Leonard, former district deputy here.

Delegates to the Vallejo grand parlor, early in May, were named. They are: Maxwell Stevenson and Judge Allen G. Norris. Tom Silva and J. D. Norris are the alternates.

A committee to confer with the division of highways on the location of an historic marker at Mission San Jose was appointed. Frank T. Dusterberry, Judge Norris and Tom Silva were the ones chosen.

Large delegations attended the meeting from Hayward, Oakland and other east bay cities.

QUEEN CONTEST TO GET UNDER WAY SUNDAY

Final instructions and ticket sales books will be given to all aspirants to the queenship of the Township Fair Sunday morning, when the Lions Club queen committee, headed by Manuel Alameda, will meet with the girls at the Centerville court house. Saturday, April 13, is the last day for registration with the sponsoring body in each town.

The list of the entrants will not be conclusively drawn up until Saturday morning. Several girls have withdrawn, and others have stated their intentions of entering. In Niles, Raymona Mellow, Adelaide Martin and Florence Martinelli are the contestants. Lorin Marriott and Chick Santos will assist in getting the girls started Sunday.

"Nomadic Students" In Classes At Warm Springs

A six weeks' special session has been started at the Warm Springs Grammar school, to care for more than 120 children, who came into the district with their parents for the pea harvest.

Numbered among California's nomadic school population, the tots receive schooling only when time may be taken from the fields. The Warm Springs classes are from 12 to 4 o'clock daily. Lack of room at the Warm Springs school necessitated the special sessions and the addition of two new teachers for the six weeks' period. Miss Dillis Freitas, of San Jose, and Miss Anna Vargas, of Centerville, were added to the staff. In other schools here, the migratory children are absorbed into the regular classes. Special emphasis is placed on reading, writing and arithmetic for these children, many of whom cannot speak English when they first attend.

A special bus collects the pupils at the various labor camps daily.

Scouts Get Awards At Honor Court Last Week

The first district court of honor for Washington township Boy Scouts, was held last Thursday evening at the I. O. O. F. hall, at Irvington. Over sixty people, including parents and friends witnessed the ceremonies, at which Judge Allen G. Norris, district chairman, presided.

Merit badges were awarded to Lawrence Houck, for wood work, public health and personal health. Roy Raymond received badges for music and bugling. A first class badge was awarded to Lawrence Houck and a second class pin to Albert Berchem. The latter and William Silva also received one-year service badges.

The second regular monthly court will be held in Niles on May 2.

P.T.A. CARD PARTY PLANNED FOR APRIL 26

Funds for the maintenance of the Niles Grammar school cafeteria will be raised on April 26, when the Niles chapter, Parent Teachers' Association, will be hostess at a benefit card party at the school building.

According to Mrs. C. N. Myrick, president of the group, no effort will be spared to make the affair an outstanding one. There will be prizes and refreshments.

At the regular meeting Tuesday, Miss Cecile Enos, Mrs. J. D. Galvin and Mrs. Roland Bendel, members of the nominating committee, named the following officers, who will be installed at the May meeting:

Mrs. J. Zwiesig, president; Mrs. George Burr, vice president; Mrs. Claude Franklin, treasurer; Mrs. Robert Vieux, recording secretary, and Mrs. Geo. Bonde, corresponding secretary.

Present officers are: Mrs. C. N. Myrick, Mrs. Burr, Mrs. Franklin, Mrs. Lewis Lewis and Mrs. Frank Silva.

Alleged Hen Thief Nabbed At Alvarado

Joe Garcia, chicken thief suspect, was arrested recently at Alvarado, when he was unable to explain satisfactorily that the small wounds on his face were not caused by buckshot.

Garcia, an itinerant, was taken into custody when Constable O. W. Ebright and Deputy Sheriff Douglas Webb noticed his pockmarked appearance and remembered that J. Birmacher, Mt. Eden rancher, whose coop was raided, had fired at two shadowy thieves.

Crews Laying Pipeline For Additional Water

Installation of the Alameda County Water District pipeline, to take water from the old Spring Valley main on the Centerville-Niles road to the creek channel southwest of Niles, began Friday with crews making the necessary excavations for the hookup.

The 24-inch pipe, designed to carry additional water release over the Niles-Irvington fault, in an attempt to build up the water level in the outlying districts, will be approximately 2000 feet long.

The regular release, flowing into the channel from Clark's canyon at present, was tremendously augmented this week by heavy rains.

At a meeting of the water district directors held in Centerville last week, a reduction of Alvarado water rates was ordered to equalize rates between that city and Newark. Fire hydrant rates at Alvarado will be reduced from \$3.33 to \$2.50, according to a statement made by district officials.

ENGAGEMENT

The engagement of Miss Karla Anderson, daughter of Mr. and Mrs. Sam Anderson, of Hayward, to Leonard Brown, of Decoto, was announced at an informal dinner party given recently at the home of the bride-elect's parents. No definite date has been set for the wedding.

VISITING HERE

Mr. and Mrs. Alvin Gomes, of Sunnyvale, are staying temporarily with Gomes' parents, Mr. and Mrs. J. D. Gomes, at the latter's home on Morrison avenue. Young Gomes, employed by the Shuckl Canning Company, is busy at the Oakland docks supervising the loading of canned goods for foreign shipment.

Chevrolet Trucks give maximum dependability, as well as maximum economy, because they're powered by VALVE-IN-HEAD SIX-CYLINDER ENGINES

The most important consideration of all, in buying and operating trucks, is economy. Economy of first cost and operating cost. And the most economical trucks on the market today are—Chevrolet Trucks. They sell at the world's lowest prices. They give maximum operating economy, too, because they're powered by valve-in-head six-cylinder engines. And they will keep on saving you money, day after day and year after year, because Chevrolet builds so much extra quality and rugged reliability into them that their service is as carefree as their prices and operating costs are low. You get top economy when you buy Chevrolet Trucks, and that's exactly what you want in a truck—particularly today. Phone or visit your nearest Chevrolet dealer and get the right truck for your job at the world's lowest prices.

LOOK AT BOTH TYPES
of Electric Refrigerators—before you buy!

You can see the two types here—
MONITOR TOP AND FLAT-TOP

Take your choice...they're both
GENERAL ELECTRIC
ALL-STEEL REFRIGERATORS

● Come in and see them. You will find brilliant beauty, new refinements, distinguished styling and all modern convenience features.

The General Electric Monitor Top mechanism requires no attention, not even oiling. Introduced in 1927, its record is without a parallel for dependable performance at low cost year after year. First electric refrigerator to carry a 2 year guarantee, first with a 3 year guarantee, and first with a 4 year service plan, it now carries 5 years protection for only \$1 a year: the standard 1 year warranty plus 4 more years on its famous sealed-in-steel mechanism.

The new G-E flat-top created a style sensation in refrigerators. Beautiful in its modern simplicity of design it is undoubtedly most attractive of all refrigerators selling at popular prices. It carries the standard 1 year warranty.

Editorial Comment

NORMAN H. PARKS, Publisher Register

by the Democratic party. There is a father—a miserable make-belief of what your father was and mine. There is your loving grandfather—that grandfather who lived over the hill—the horses knew the way to haul the sleigh. You remember the rest of that poem about the old fashioned grandfather who loved you, and so gently tried to lead your young footsteps down the straight and narrow path. Here is the modern product getting his granddaughter drunk.

Such dirty morals foreshadow national decay and can but lead to individual and collective ruin. A nation cannot survive under such a code of conduct. Business recovery can not come, when within we are rotten to the core. With a mighty social leader in the land proclaiming that what the girl today must learn is "how to carry her liquor," and have the advice go unrebuked; with Christianity mocked at—no wonder it looks dark. But dark as it seems, the night of approaching retribution will pale into insignificance the burdens we are stumbling under today.

Verily, "He that soweth to the winds, shall reap the whirlwinds."

Test Strength of Wire Farm Fences

Cornell University Plans to Establish Test Yard on State Property.

By H. W. Riley, Department of Agricultural Engineering, Cornell University—WNU Service.

Of all jobs on the farm, probably chasing stock and repairing fences are the most wasteful and exasperating. Many farmers complain that some fences on the market today are not as durable as old fences. Fences would not break so soon if they were made of heavy, durable wire and were well galvanized. Such fences, however, seem too expensive for many farmers if they are not sure of their durability.

The American society for testing materials has decided to test farm fencing and other galvanized wire products. A test yard will be set up in New York state on property of the college of agriculture. There many samples of farm fences will be exposed to the weather and carefully watched. Before they are erected, these fences will be completely analyzed, and as the years go by a careful record will be kept of the durability of each fence. The best fences will be clearly shown in a few years.

This society has already shown that the durability of steel against rusting is increased when from one-fifth to one-quarter per cent of copper is used in the steel. This copper is added to the steel as it lies in a molten pool in the open hearth furnace, and the additional cost is small enough to be disregarded.

Strange People of the Celebes
Strange is the Celebes, and stranger still the Toradjas who hold forth in the mountainous interior of this island in the East Indian archipelago. Surrounded on all sides by Christian missionaries, says the Detroit News, the Toradjas hold staunchly to their old custom of tao-tao. In their languages, ta is man and tao-tao is the counterpart of a man. When a Toradja dies, his soul is supposed to go wandering in the void until his brother builds a tao-tao which is a wooden image carved into a likeness of what are supposed to be human features.

First Normal Schools
The first school for the preparation of teachers was opened at Lexington, Vt., in 1832, by Rev. Samuel Reed Hall. Massachusetts was the first state to establish normal schools, James G. Carter, who is called the "father of normal schools," being primarily responsible. Through his influence the state board of education of Massachusetts was established and the normal school bill was passed in 1838. Three normal schools were opened, the first at Lexington in 1839.

Caring for Young Turkeys

Equipment for caring for young turkeys upon range may be very simple and home-made. After the poult has left their brooders at about ten weeks of age and are upon clean meadow or other land, they need only the shelter of a simple roof at night and this may be a one-pitch roof supported by posts and having beneath perches made from poles five or six feet from the ground. Perches should be high enough to protect from small, prowling animals, but not so high as to be likely to cause injury if their occupants are crowded off and fall heavily to the ground.—Rural New Yorker.

Ice Needs on Farms

In parts of the country where natural ice suitable for storing is formed it is time to provide for next summer's needs. The Department of Agriculture has estimated that one-half ton of ice per cow will serve the dairyman to cool and hold cream at a safe temperature if delivered two or three times a week. However, if the whole milk is to be cooled the needs will be not less than a ton and a half per cow. These estimates were made presuming that both ice house and cooling tanks are in good condition. If more than 30 per cent of the ice is lost by melting the amount stored will have to be increased accordingly. The average family needs between five and ten tons per season even when the ice is used sparingly.

Trees on Line

Trees standing on a boundary line belong to respective owners of both sides as tenants in common, and although it is essential in one case that when a tree stands on a boundary line the landowner on either side has the right to lop off limbs and roots on his side close to the trunk, yet it has been more recently declared in several other cases that either owner may not destroy the boundary line without the other's consent, and if he does the other owner may recover damages against him. The adjoining landowner would have no jurisdiction over any tree not on the line nor on his own land.—Indiana Farmers' Guide.

Agricultural Hints

Over-feeding, feeding cold milk or feeding in unsanitary buckets cause scours in calves.

Radium dust added to the soil, will speed up the growth of plants, experiments show.

At least 50 per cent of the honey bees in New York state died in last winter's sub-zero weather.

Potatoes lose their sweetness with age, or if stored in too warm a place just as fresh peas do.

Cattle and sheep will eat clean raw potatoes, but pigs prefer that potatoes be steamed or cooked.

Farmers in Bailey county, Texas, harvested cotton bolls to be ground and used as stock feed.

In curing pork products, well-salted meat should be held at a temperature of around 37 degrees Fahrenheit throughout the curing period.

Tied Together
In India, after the wedding ceremony, the bride and the bridegroom are tied together by the corners of their garments to signify that they are united for life.

As' Maybe Day Is
"When you think you are smarter than anybody else," said Uncle Eben, "don't forget you're in competition with an unlimited number of people that think the same thing."

Rhyolite Supply in U. S.
About 90 per cent of all the rhyolite mapped in the United States occurs in Yellowstone National park where it is the most common rock found.

Cave Ornaments
Besides the stalactites and stalagmites formed vertically in caves by the dripping of water, there are the less frequent helictites which are spirals.

Cockerel Problem Faces

Leghorn Poultry Raisers

There are three ways to meet the Leghorn cockerel problem:

1. Remove the cockerels when from three to four weeks old and transfer them to separate colony brooder houses, batteries, or other suitable quarters where they can be grown to marketable size.

2. Remove the cockerels as soon as their comb development indicates their sex (when from two to four weeks old) and sell or destroy them. This is a sure and economical method for sexing Leghorn chicks. Any poultry raiser can do a good job of sexing Leghorn chicks by the end of four weeks.

3. Buy day-old pullets or sexed day-old chicks.

The first method will generally prove the best for those who have suitable equipment or quarters available for the proper care and growth of the cockerels until they can be marketed. If best results are to be secured from the pullets it is necessary to separate the cockerels from the pullets when from three to four weeks old. The cockerels are then too young to sell as broilers, they need artificial heat and if there is no suitable place where the cockerels can be properly brooded and cared for until they reach marketable size it is then and there that the cockerel problem arises.—National Farm Journal.

Mission C. Y. O. Group Will Produce Play

Meeting last Thursday night, the Mission San Jose Catholic Youth Organization laid plans for a play, "A Double Triumph," to be staged early this summer. Augustine Williams, president of the group, will direct the production. The Rosarian group, made up of fifty girls and young women, will cooperate in the undertaking.

Both groups, active in Mission San Jose for some time, have installed a gymnasium in an old barn on the Sam Metzger property, where they are practicing for contests with teams from bay region lodges.

Members of both groups come from Mission San Jose, Irvington and Warm Springs. The Sisters of the Dominican Convent supervise the meetings.

PREPARE FOR PESTS

Tall grass and weeds were cleared from 117 acres of marsh in the Mosquito Abatement District last month, according to Roland Bendel, foreman. Storm waters drain slowly off certain sections, necessitating repeated oilings. Heavy vegetation made the oiling difficult and only partly effective. Ditches were cleared of silt, in preparation for intensive work during the warmer months.

OFFICIAL VISIT

The Orient Chapter, Order of Eastern Star, received the official visit of their deputy grandmatron, Mrs. Edwin Richmond, of Alvarado, last night, at a regular meeting held at Centerville.

HISTORIC MARKER IS TOPIC OF MEETING LAST THURSDAY

An historic marker, in commemoration of pioneers in this district, and the old Mission trail, was the main topic at a meeting at the home of Mrs. J. R. Whipple last Thursday afternoon.

The site desired for the marker is north of Mission San Jose, where the present Escobar hill road intersects the Mission highway. A small triangular piece is being sought. Representatives of local groups, including the Native Sons and Daughters, are asking that the highway commission allow use of the piece. In the event that the ground is given, the monument will be erected by Daughters of the American Revolution.

Among the distinguished visitors at the meeting were: Mrs. John Follette, national chairman of the D. A. R. Old Trails and Historic spots committee; Mrs. Theodore Hoover, State chairman; Mrs. W. S. Morley, State historian; and Mrs. Lawrence Merriam, vice-regent of the John Rutledge Chapter of the D. A. R., of Berkeley.

Mrs. J. C. Shinn spoke, representing the Country Club marker committee, of which Mrs. Whipple is chairman. Judge Allen G. Norris represented the Centerville Native Sons.

Professor G. W. Hendry, of the University of California department of agriculture, was on hand. He gave a talk on the value of old adobe bricks as storehouses for valuable materials in seeking out the historical flora of the State. He has been busy in this district, where he has secured bricks from over 100 old adobes.

Young People Asked To Attend Townsend Meets

Mrs. T. D. Witherly, secretary of the Washington Township Townsend Club, reports that a speaker will be on hand Monday evening to address the group when it meets Monday night at the Washington Union High school, Centerville.

Officials of the club, although pleased with the interest shown in the district, are eager to have more of the younger people turn out for the gatherings.

the crusades. The higher grades will have units of work portraying Alaska and the southern states. At the Centerville Grammar school may be seen a Japanese village, one of the clearest displays in the district.

The Washington Union High school, in addition to its operetta tomorrow night, is issuing a special twelve-page edition of the Hatchet, student body paper, giving a history of education in Washington township.

Special types of work, including basketry, woodwork, puppet shows, radio, cooking, sewing, social studies, visual aids, school gardens and numerous others may be seen at the various schools.

Teachers will be allowed one day to visit other schools.

The annual community schools week program was held at the Washington Union High school last night. The Alvarado orchestra played, previous to the staging of "The Magic Beanstalk" by the Irvington school. An operetta, "The Flowers' Party," was given. Paul Pittman, of the high school faculty, was the speaker.

PUBLIC ACCLAIMS SMALL CHEVROLET

"The 1935 Chevrolet Standard is built for the 1935 pocketbook." This sales slogan, created early in January, is proved by the latest production figures of the Chevrolet Standard at the Oakland plant of the company, according to Ed. Rose, owner of the Rose garages in Niles and Centerville, and Chevrolet agent in south Alameda county.

"For the first three months in 1935, more than 10,000 Standards have been shipped and sold to fill orders from Pacific coast dealers," Rose said. The shipments on the Master DeLuxe, companion car to the Standard, have been very heavy also, but the demand for the Master is so great that the plant cannot produce them fast enough.

Election On April 18th For Warm Springs Lodge

April 18 is the date chosen for the election of officers for Council 84, of the S. P. R. S. L., at Warm Springs. The following will be formally elected:
